

## AIO PRO A50

FINISH : BLACK

The AIO Pro A50 is a compact amplifier dedicated to custom integration speakers. Its easy set-up and wide range of sources make it the ideal solution for small set-ups (one to two rooms).

Control the amplifier using the AIO TRIANGLE app, via Bluetooth or via your control system through the RS232 input. The AIO Pro A50 is the perfect fit for lightweight set-ups, meeting all existing needs.
